Project Name	University Admit Eligibility Predictor
Maximum Marks	4 Marks

Brainstorm & Idea Prioritization Template:

Brainstorming provides a free and open environment that encourages everyone within a team to participate in the creative thinking process that leads to problem solving. Prioritizing volume over value, out-of-the-box ideas are welcome and built upon, and all participants are encouraged to collaborate, helping each other develop a rich amount of creative solutions.

Use this template in your own brainstorming sessions so your team can unleash their imagination and start shaping concepts even if you're not sitting in the same room.

Step-1: Team Gathering, Collaboration and Select the Problem Statement

1

Define your problem statement

What problem are you trying to solve? Frame your problem as a How Might We statement. This will be the focus of your brainstorm.

🕒 5 minutes

Problems
How might we
develop a website
for admit students?

How might we
develop a websites
which will be more
effective to check
students eligibility?

How might we
create a website
to calculate the
students CGPA?

Step-2: Brainstorm, Idea Listing and Grouping

2

Brainstorm

Write down any ideas that come to mind that address your problem statement.

🕒 10 minutes

TIP
You can select a sticky note and hit the pencil (switch to sketch) icon to start drawing!

Revathi T.P

this project tells where the student is eligible or not

This happens to filter not eligible one

By creating a eligibility criteria.

Nikitta Joshie J

We introduced this method to reduce time on filtering student

we have lot of eligibility check list

Like CGPA should be greater than 6.0,etc.

Sindhu M

this can also encourage students to get score more than eligibility criteria

university contain different courses

each course contain different eligibility criteria.

Sivaranjani E

the main motive of this project to admit students on university

this project tends to filter not eligible student, and select the eligible students

this eligible students can take their course in the university.

3

Group ideas

Take turns sharing your ideas while clustering similar or related notes as you go. Once all sticky notes have been grouped, give each cluster a sentence-like label. If a cluster is bigger than six sticky notes, try and see if you can break it up into smaller sub-groups.

🕒 20 minutes

TIP
Add customizable tags to sticky notes to make it easier to find, browse, organize, and categorize important ideas as themes within your mural.

university criteria

CGPA > 60

extra certification

skills enhancement

students who are eligible will help to develop their from university

university provide extra courses other than academics

students gain lots of practical knowledge than other university students.

Step-3: Idea Prioritization

4

Prioritize

Your team should all be on the same page about what's important moving forward. Place your ideas on this grid to determine which ideas are important and which are feasible.

🕒 20 minutes
