Brainstorm & Idea Prioritization:

Step-1: Team Gathering, Collaboration and Select the ProblemStatement

1

Define your problem statement

What problem are you trying to solve? Frame your problem as a How Might We statement. This will be the focus of your brainstorm.

🕒 5 minutes

Problems
How might we
develop a website
for admit students?

How might we
develop a websites
which will be more
effective to check
students eligibility?

How might we
create a website
to calculate the
students CGPA?

Step-2: Brainstorm, Idea Listing and Grouping

2

Brainstorm

Write down any ideas that come to mind that address your problem statement.

10 minutes

TP

You created a sticky note with the good (positive) words (positive thinking).

Revathi T.P

This project lets where the students eligible or not.

This happens to filter not eligible one.

By creating a eligibility criteria.

Nikita Joshi J

We introduced this method to reduce time or filtering student.

We have lot of eligibility check list.

Like CGPA, should be greater than 5.0 etc.

Sinthu M

We can make encourage students to get more more than eligible criteria.

University can take different criteria.

Each course can have different eligibility criteria.

Sivaranjani E

We can make filter the student in which students are university.

We project to make the student eligible students and students.

We eligible students can take their course in the university.

2

Group ideas

Take turns sharing your ideas while clustering similar or related notes as you go. Once all sticky notes have been grouped, give each cluster a sentence-like label. If a cluster is bigger than six sticky notes, try and see if you can break it up into smaller sub-groups.

20 minutes

TP

You created a sticky note with the good (positive) words (positive thinking).

university criteria

CGPA > 60

extra certification

skills enhancement

students who are eligible will help to develop their from university

university provide extra courses other than academics

students gain lots of practical knowledge than other university students.

Step-3: Idea Prioritization

4

Prioritize

Your team should all be on the same page about what's important moving forward. Place your ideas on this grid to determine which ideas are important and which are feasible.

20 minutes
